

Curriculum Vitae

Name: Faezeh Khozeimeh

Address: Faculty of Dentistry, Isfahan university of medical sciences, Oral Medicine Department

Phone – Email: 031-37925553/ khoziemeh@dnt.mui.ac.ir

ORCID ID: 0000-0002-9193-716X

PERSONAL INFORMATION

I was born in Isfahan in July ۱۹۶۸, I completed my primary and secondary education in Isfahan, Iran at Roudabeh school. And in ۱۹۸۷, I was accepted in the national entrance examination in the field of dentistry. I graduated in oral medicine speciality in ۱۹۹۷ from Shahid Beheshti University. Since that I have been teaching in Isfahan university of medical sciences. From 2013 I am associated professor in Oral medicine Department.

EDUCATION

I graduated in the field of oral Medicine from Isfahan University of Medical Sciences in ۱۹۹۷ with the Second rank in the specialty board exam. The title of my specialized thesis was “[The Epidemiology and Prevalance of Oral Leukoplakia in Tehran](#)” which was accepted by the jury with a score of ۱۸,۵.

GRANTS AND FELLOWSHIPS

- Fellowship in “Measurement and Evaluation in Medical Sciences” in 20201

TEACHING EXPERIENCE

since 1997 I have been teaching in general and special field in oral medicine Department. I was head of Department from 2008-2021. I am specialist Supervisor of oral medicine Department since 2013.

I am Board member since 2018.

RELEVANT WORK EXPERIENC

- ۱) Member of the educational strategic committee
- ۲) member of the ethics committee of Faculty of Dentistry
- ۳) Head of the consulting professors of the faculty of Dentistry
- ۴) Assistant editor Of dental research Journal of dentistry Department (DRJ)

UNIVERSITY SERVICE

- ۱) Supervisor of Woman's welfare cultural affairs.
-

PRESENTATIONS AND POSTER SESSIONS

- ۱) **presentation of** "Comparative evaluation of low-level laser and systemic steroid therapy in adjuvant-enhanced arthritis of rat temporomandibular joint: A histological study" as a Speaker in the Oral Medicine Congress in 2013 in Kerman.
 - ۲) Poster Presentation of "Comparative evaluation of the efficacy of laser therapy and fibroblastic growth factor injection on mucosal wound healing in rat experimental model.." in Oral Medicine Congress in 2016 in Tehran.
 - ۳) Poster Presentation of "The efficacy of photodynamic therapy in rat tongue dysplasia." in Oral Medicine Congress in 2016 in Tehran.
-

RESEARCH INTERESTS

Red and White lesions/ Low-level-Laser therapy/Herbal Medicines/ Oral manifestations in systemic diseases

TEACHING INTERESTS

Red and White lesions/ Low-level-Laser therapy/Herbal Medicines/ Oral manifestations in systemic diseases

PROFESSIONAL MEMBERSHIPS

۱) Member of the Iranian Association of Oral medicine since ۱۹۹۷ .

۲) Member of the educational strategic committee.

۳) member of the ethics committee of Faculty of Dentistry.

۴) Head of the consulting professors of the faculty of Dentistry.

۵) Assistant editor Of dental research Journal of dentistry Department (DRJ).

۶) Board member since 2018.

EXTRA CURRICULAR ACTIVITIES

۱) Head of the consulting professors of the faculty of Dentistry.

۲) Supervisor of Woman's welfare cultural affairs.
